Pose et résous ces divisions

$416 : 8$

$3\,492 : 6$

$2\,854 : 3$

$7\,782 : 5$

A grid for solving the first four division problems. It consists of two main columns separated by a vertical blue line. The left column is for the problems $416 : 8$ and $3\,492 : 6$, and the right column is for $2\,854 : 3$ and $7\,782 : 5$. Each column has 10 rows of grid lines.

$1\,872 : 37$

$8\,701 : 62$

$1\,665 : 45$

$9\,832 : 22$

A grid for solving the last four division problems. It consists of two main columns separated by a vertical blue line. The left column is for the problems $1\,872 : 37$ and $8\,701 : 62$, and the right column is for $1\,665 : 45$ and $9\,832 : 22$. Each column has 10 rows of grid lines.
